

Pure & Purifying™

*Eden Concord Grapes –
from a few of 80,000 vital
acres of GEO free farmland
nurtured by our customers.*

Organic EDEN® Fruit is pure organically grown family orchard, berry patch, and vineyard fruit from the shores of the Great Lakes and New York's Keuka Finger Lake. These areas benefit from a seasonal lake effect. Only traditional methods of pressing, concentrating, and good old-fashioned kettle cooking are used. Free of refined sugar and toxic chemicals; they are just not needed. The fruit is so good only prevention of adulteration is needed.
